

Important Pre-Departure Information – Travel Requirements

FRANCE (US, Canadian, UK, AU and NZ guests)

Effective March 1, 2022

To begin your Viking journey in France, please ensure you have the following:

1. **Valid Passport** (must be valid for 6 months beyond your planned trip dates).
2. **Proof of up-to-date COVID-19 immunization**
(final dose received at least 14 days prior to departure, and booster dose—when eligible) certified by VeriFLY
NOTE: To Travel in/to France
 - If eligible for a booster, dose must be administered at least 7 days prior to departure.
 - If your primary vaccination dose was Johnson & Johnson, France requires it be administered at least 28 days prior to departure.
3. **Proof of negative COVID-19 Test** (laboratory-certified)
 - **PCR test** taken within **72 hours** prior to boarding first outbound flight from home country, or
 - **Antigen test** taken within **24 hours** prior to boarding first outbound flight from home country
 - Viking will accept select at-home COVID-19 tests.And/or **Proof of Recovery** from a previous COVID-19 infection (during the past 15–90 days and, prior to departure)
4. **Complete French Sworn Statement** found here: <http://www.interieur.gouv.fr/sites/minint/files/medias/documents/2022-02/12-02-2022-engagement-sur-l-honneur-orange.docx>
5. **Complete the EU Digital Passenger Locator form**, found here: <https://app.euplf.eu/>
 - For additional information regarding France's entry requirements, visit: <https://www.interieur.gouv.fr/covid-19-international-travel>.

However, if your journey begins with a pre-extension, please refer to the requirements for the first country on your itinerary.

- United Kingdom (Choose information based on the country you are traveling from - [US/CAN/AU](#))
- Switzerland (Choose information based on the country you are traveling from - [US/CAN/UK/AU](#))

If you are traveling independently, please ensure you review local requirements for the countries you are visiting.

You will also need to meet Viking's COVID-19 testing requirements: either a PCR test taken 72 hours, or an antigen test taken 24 hours before joining your first Viking activity. Alternatively, you may present proof of recovery as outlined below.

What to Expect Along Your Journey

The information below reflects the protocols outlined in the Viking Health & Safety Program. Viking's medical team will continue to monitor conditions in all the destinations we visit and may adjust these policies as necessary.

- 1. Prior to your embarkation**, there will be additional COVID-19 screening, including:
 - Temperature check
 - Health survey
 - Acceptance of contact-tracing during your cruise
- 2. Once you are on board and in your stateroom**, you will take a COVID-19 PCR test (via non-invasive saliva sample)
 - Please refrain from consuming anything or smoking for at least one hour before submitting your saliva sample.
- 3. During your voyage:**
 - There will be up to daily COVID-19 tests (saliva samples).
 - Guests are able to explore on shore independently while following the requirements in the country they are visiting. Our team will continue to monitor conditions, partnering with local authorities.
- 4. Prior to leaving your ship or post cruise extension**, Viking will provide you with the test result needed for your return flight.
 - If you are continuing independently, you are responsible for getting your own COVID-19 test prior to departure.
